

Bowman 4 Outdoor Wall

LED T20

DESCRIPTION

The classic and sleek silhouette of the Bowman LED outdoor wall sconce by Tech Lighting makes it suitable for both indoor and outdoor applications. Clean lines and mid-century modern design inspiration characterize the die-cast aluminum body which houses a powerful, long-lasting LED light source tightly controlled for down light only, yet supplying significant illumination for even the darkest nights. The UV stabilized, frosted acrylic lensing diffuses the LED light to create an even glow. This small-scale, modern wall sconce is available in two sizes (4.5 inches and 6 inches high). The durable, marine-grade powder coat finish is available in Charcoal, Bronze, Black, Silver or White.
