

LOW - VOLTAGE HEADS

K-Telescope Head T20

DESCRIPTION

The K-Telescope display head by Tech Lighting combines minimal design style with high-functionality. This unique display head is specially designed for the Kable Lite system featuring a 1" drop from the system above. The telescope arms can be manipulated from 12" - 42" and features a 330° rotating head creating unlimited angles ideal for a direct beam of light onto surfaces below. The K-Telescope is available in two contemporary finishes and is compatible with a myriad of accessories that further enhance its performance and style. This dynamic display head is ideal for commercial lighting applications such as retail stores, libraries and galleries. The K-Telescope accommodates a fully dimmable MR16 lamp that is sold separately. For cable separations of 1" to 48". Head rotates 330° and has swivel and pivot action to direct the beam. Low-voltage, MR16 lamp of up to 75 watts, (not included). For Kable Lite system only.
